### Team MFL: broadening horizons

#### Our Team

*Whatever it takes* is the motto of our MFL team, who have regenerated the subject over the last few years, making it exciting and engaging for students across all year groups.

The popularity and current success of the subject is down to the collaborative approach that the team take: we openly share best practice and have created a vibrancy and energy in the learning centre that other teams want to replicate!

#### The Post

We are seeking a colleague to join our team to cover a maternity leave, a colleague who will share the passion of the team to secure outstanding outcomes for our students.

Our ideal team member will be brimming with ideas about how to make learning purposeful, fun and active for our students.

#### Our Student Outcomes

During a period of significant positive change and rapid improvement the team has closed the gap between our outcomes and the national averages. Despite previous national uncertainty in relation to the new specification GCSE exams, in 2019 (the most recent year of formal examinations) our students made greater progress than the national average, and over one fifth of our students achieved the coveted grades 7-9. We are now one of the best performing departments in the College.

But there is still work to do and we are determined to do it!

#### Our Curriculum

We have implemented an exciting curriculum and a culture of praise in the department in order to promote high engagement. Lessons have a growing focus on the development of listening and speaking skills, in line with current research, and we use a high level of Target Language in our day-to-day teaching. This has had a positive impact on our students' confidence in these areas and, as a result, their enjoyment of the subject has increased!

French is currently taught in mixed ability groups in Year 7 and 8. A refined grouping system is in place for Years 9, 10 and 11, when GCSE French becomes an option choice. We also have a small cohort studying French in the Sixth Form.

The team routinely share resources and planning across year groups. As a result, there is a comprehensive resource bank on our virtual learning environment (VLE). We are in the process of reviewing and enhancing our curriculum, including more authentic content such as songs and films. We support resources produced in-house with listening material from online textbooks and subscribe to Quizlet, Vocab Express and ExamPro to provide our students with targeted vocabulary and examination practice. Students have access to a set of tablets, and Gimkit and Blooket are often used to bring some fun to vocabulary learning. These, along with embedded AfL techniques deployed throughout the curriculum, have seen a real consistency in delivery and high expectations across the department.

Outside of lessons, the team have worked hard to provide further opportunities for learning. We have historically performed very well in the Vocab Express championships and last year took part remotely in the Manie Musicale in Maine US for the first time. Before the pandemic we also ran a successful French ski trip and lots of other extra-curricular activities to motivate and encourage our students. We are looking forward to getting back to our best in this regard over the coming months.

At GCSE, the department offers AQA French but are looking for options to expand in the future and so the ability to offer an additional language would be desirable.

#### Our Facilities

We are housed together on one floor and the department is fantastically well-resourced.

All rooms have digital projectors and a visualiser. All staff have their own laptop.

We have our own staffroom and staff work room.

During the summer of 2022, our Learning Centre will be refurbished and transformed—and we are very excited about this!
