

Our Student Achievement

At The Latimer Arts College, we believe in encouraging students to aspire for the highest possible academic achievement. We believe in the value of examinations as the 'passport' for accessing higher education or training and a wider choice of careers.

GCSE and Level 2 Performance Measures

Schools are now judged on the following measures:

Student Progress (Progress 8): the average progress made by students in 8 subjects, with Maths and English progress having a double weighting. This is reported as a number which compares the progress made by students at the school, to the national progress made by similar students. A score above 0 means students at the school are making better progress than the national average.

Student Attainment (Attainment 8): the best grades students achieve in 8 subjects. This is reported as a number, which adds the scores of the best 8 grades achieved by each student. This is compared to the score achieved by all students nationally, and takes no account of their starting points from Key Stage 2.

In 2023 students at The Latimer Arts College made **above** expected progress, with our results putting us in the top 25% of schools. Our progress score was **+0.4**.
