We will be going to see a live performance at the end of year 10 / start of year 11. You must have watched the entire production and be able to recall specific moments with ease.

You will need to be able to apply your understanding of the question to a chosen section(s) of the play that is appropriate.

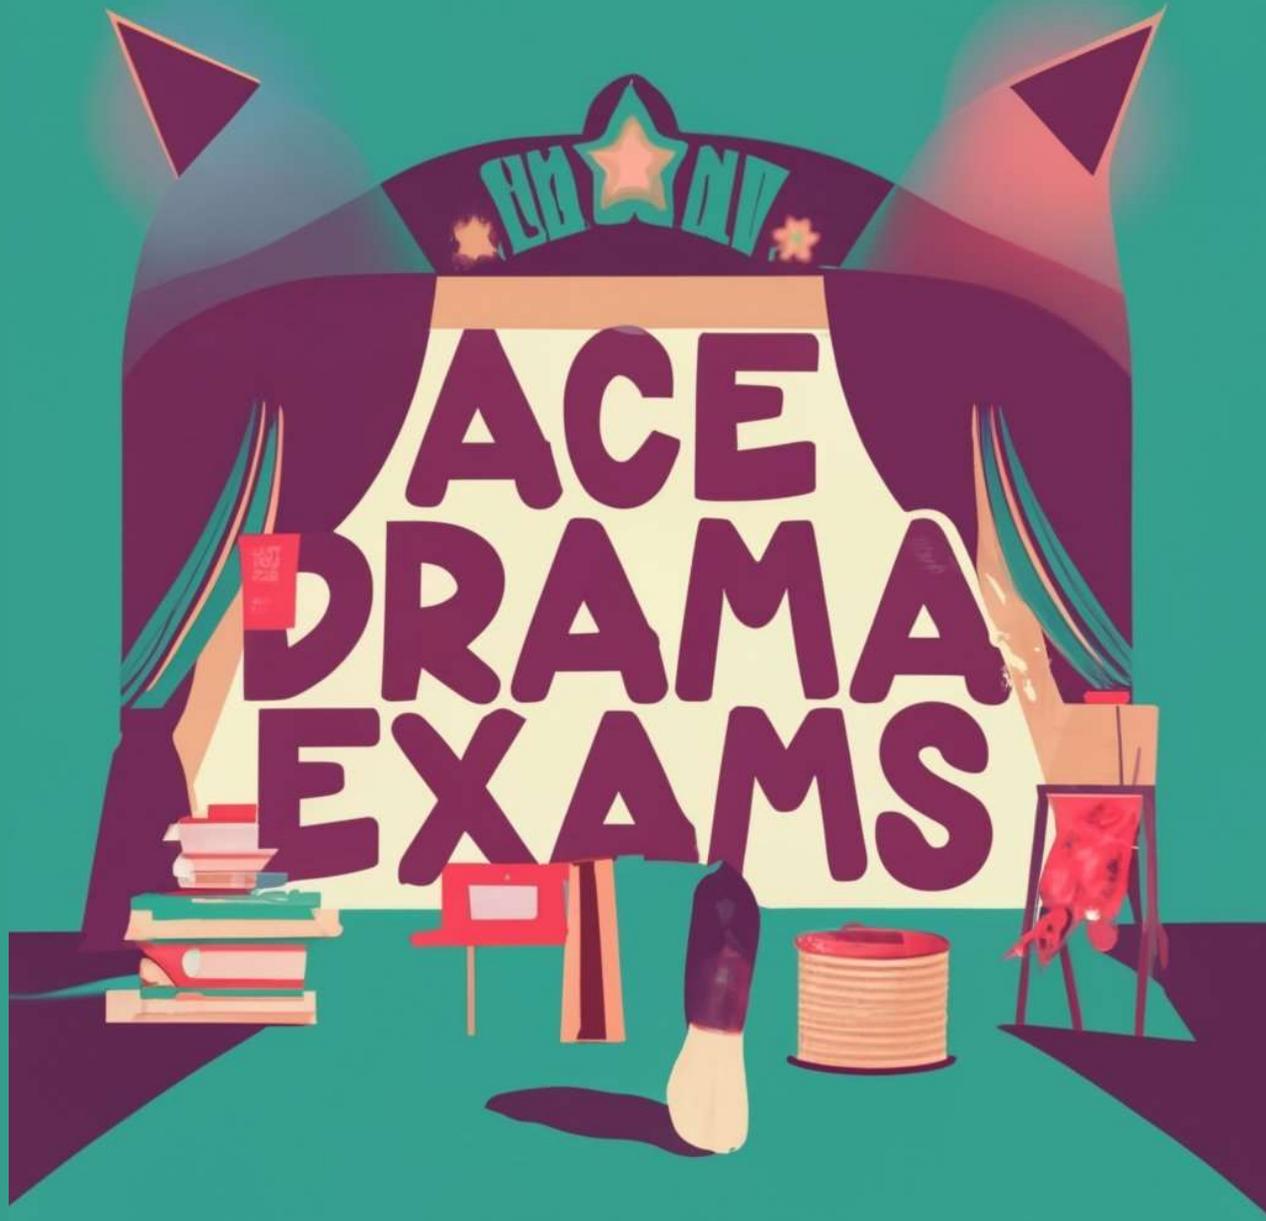

This is the last question on the paper so you should have managed your time well to answer this section fully.

This one question is worth 32 marks... that's more than any of one your performance assessments.

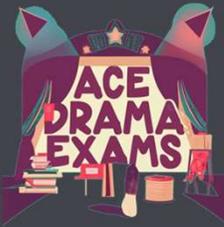

Of course, you also need to communicate your understanding of theatre from the perspective of:

Director            Actor            or  
Designer (set/light/sound/costume)

# THE EXAM

# General Notes

- **Work to time!**

# DEvised THEATRE

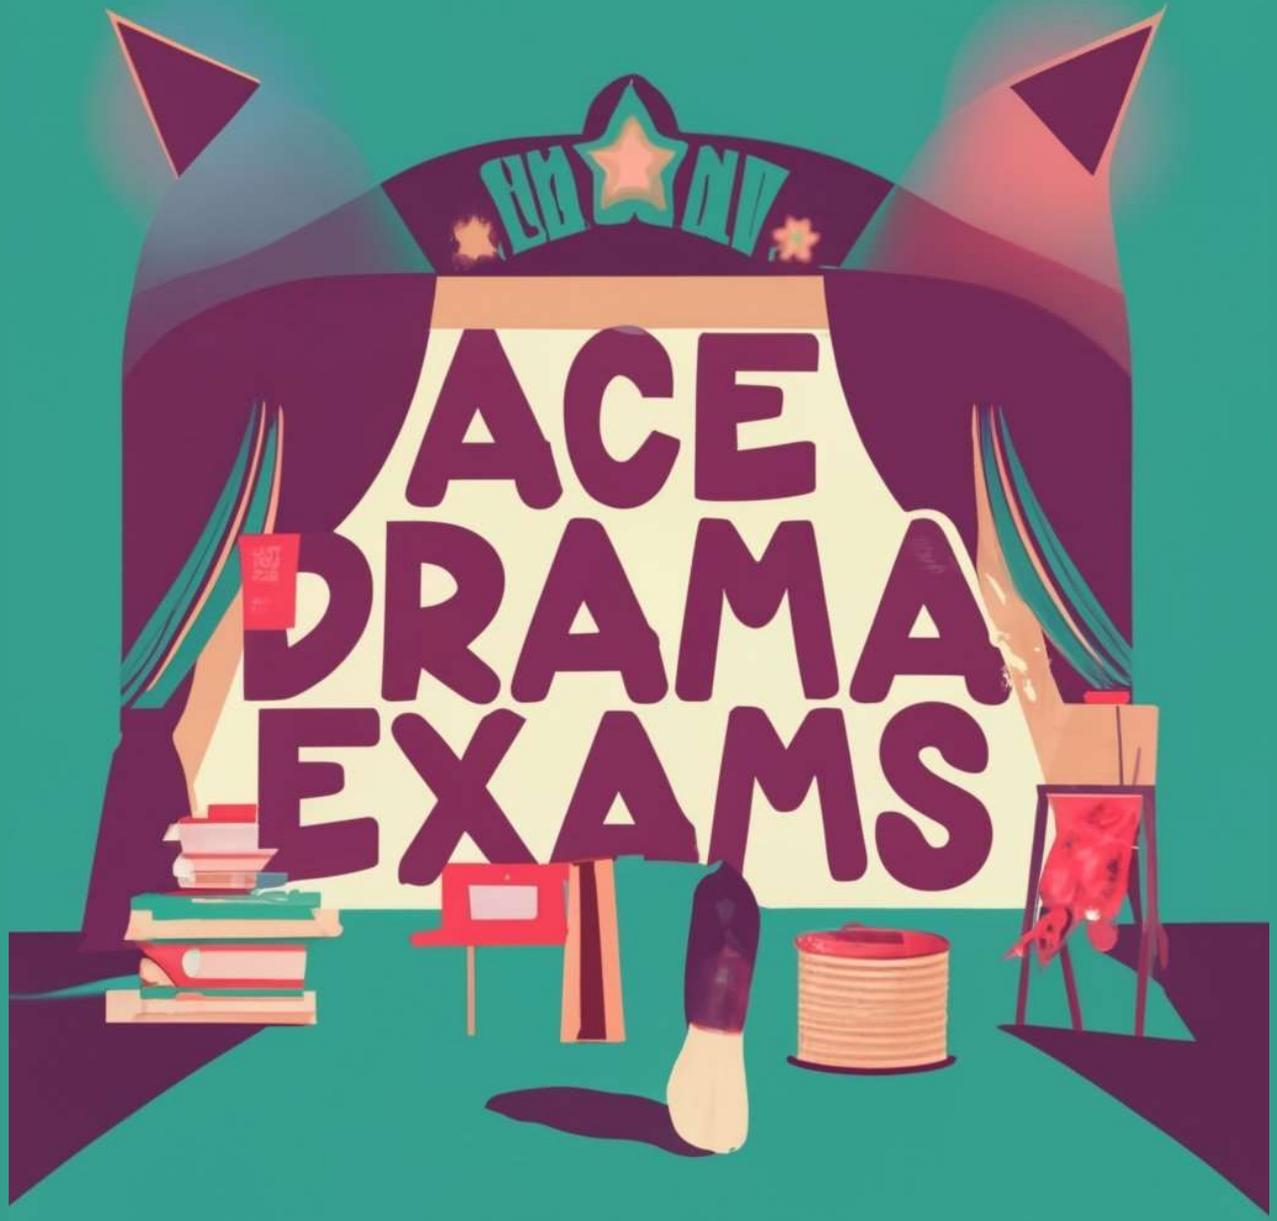

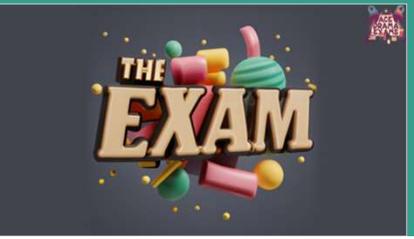

## Practical

- **Get started quickly! Creating an idea and organise time.**
- **Make sure your idea is CLEAR not CLICHÉ**
- **Incorporate ideas, themes, characters that show you at your best! Play to your skillset and show a RANGE of abilities.**
- **It will be necessary to regularly rehearse during lunch / afterschool.**
- **Generally, you should aim to create and perform something that is dynamic, exciting and well-rehearsed.**

Please note: The log is worth 60 marks – This is the single most valuable aspect of the course. To succeed; keep up to date, follow the structure and guidance from the help sheets. Historically, this component has had a detrimental effect on the whole Drama GCSE grade when it's not done well.

## Devising Log Coursework

- **Complete it as you go – don't leave things until last minute.**
- **Reflecting regularly – keep a rehearsal diary.**
- **Use teacher support properly (it's limited!) to ensure you communicate yourself well enough to achieve the best possible mark.**

# REALISING SCRIPTS

## Performance Exam - 2 Extracts from 1 play

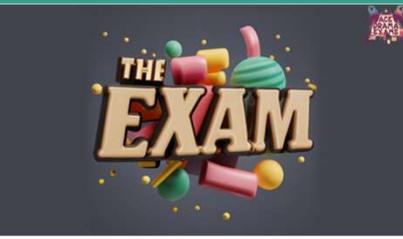

# REALISING SCRIPTS

- You should perform a script in a way that is truthful, appropriate for the text and shows a range of skills and abilities.
- To achieve the best you need to know the **WHOLE** text studied and the context within which it is set *and* was written. This will inform how the part should/could be played.
- Again, you should regularly attend rehearsals during lunch / afterschool.
- **Learn your lines rapidly** so you can focus on character development and realising the text on stage in an exciting and dynamic way. Examiner's expect much more than simply knowing your lines...
- Lastly, utilise staff to help with how to characterise or stage things. Don't rely on staff to point out obvious missteps.

**Listening and responding to the ideas of staff and peers is the key to success.**
