

Required for September 2022 or January 2023

**SECOND IN SCIENCE
TMS Plus TLR2B**

Full Time

Would you like to be part of a school where the strengths and talents of students and staff are extremely valued (Ofsted February 2018)

Would you like to work in a school where the culture of being happy and safe means pupils can, and do, enjoy being at school (Ofsted February 2018)

Are you an outstanding teacher with the passion and motivation to inspire young people?

If so, then you will not want to miss out on this golden opportunity of joining our high-performing school as Second in Science (known as Assistant Progress Leader). The person appointed will have a clear vision of what an outstanding Science provision will look like and have the skills to lead in this area. They will be ambitious and see this role as a great stepping stone to a higher leadership position in the near future.

Why come to Latimer? This is a fantastic school to work in: as a result of our success and popularity we are over-subscribed and have a very strong positive reputation. On interview we ask candidates for their impressions of the College and without fail they comment on how wonderful our students are, the supportive team ethos amongst staff and how friendly and welcoming the College is.

We are a tight-knit unit striving for the very best for our students and we are focussed on, and passionate about, learning and success.

We genuinely care about our staff, their well-being and their professional development: we are a happy team, committed to working collaboratively and sharing the very best practice. This was very much recognised in our most recent Ofsted Inspection.

Plus, we have brand new, fantastic Science facilities that any school would be proud of!

If you are an outstanding Science teacher aspiring to undertake a leadership role it really is worth applying for this post. We have a strong track record of succession planning and many of our current leaders have progressed to promoted posts within the College.

We are seeking to appoint a candidate who is passionate about engaging our students in the awe and wonder of Science and inspiring them to be inquisitive and curious about the world around them; someone who really wants to make a difference!

We are committed to safeguarding and promoting the welfare of children and young people and expect all staff and volunteers to share this commitment. This post will be subject to an enhanced DBS disclosure.

The Latimer Arts College values the diversity of our workforce and welcomes applications from all sectors of the community.

For an application form and further details, please visit the [teaching vacancies](https://www.latimer.org.uk/teaching-vacancies) page on our website www.latimer.org.uk. Alternatively, please email vacancies@latimer.org.uk.

Closing Date: 9.00 am on Monday 27 June 2022

Early applications are encouraged as we will review applications as we receive them; and applicants may be contacted before the closing date.
