

Required for September 2022

SUBJECT LEADER: DESIGN AND TECHNOLOGY TMS Plus TLR2A

Full Time

Would you like to be part of a school where the strengths and talents of students and staff are extremely valued (Ofsted February 2018)

Would you like to work in a school where the culture of being happy and safe means pupils can, and do, enjoy being at school (Ofsted February 2018)

Are you an outstanding teacher with the passion and motivation to inspire young people?

If so, then you will not want to miss out on this golden opportunity to join our high-performing school, as Subject Leader in Design and Technology. If you are an outstanding teacher it really is worth applying for this post. We are seeking to appoint a candidate who is passionate about their subject area; a team player who will thrive on collaboration and teamwork; someone who really wants to make a difference to our creative and vibrant Art and Design Technology Team.

Primarily, we are seeking to appoint a teacher of Design and Technology who specialises in the technical principles previously considered as Resistant Materials. We would be particularly interested in a candidate who has knowledge and understanding of Health and Safety in Design and Technology and can lead on this. There may be a requirement to teach other Art and Design specialisms and so a candidate who could contribute to Food Technology at KS3 and KS4 and/or Art at KS3 would also be of interest to us.

The person appointed will have a clear vision of what an outstanding Design and Technology provision looks like and have the skills to lead in this area.

Why come to Latimer? This is a fantastic school to work in: as a result of our success and popularity we are over-subscribed and have a very strong positive reputation. On interview we ask candidates for their impressions of the College and without fail they comment on how wonderful our students are, the supportive team ethos amongst staff and how friendly and welcoming the College is.

We are a tight-knit unit striving for the very best for our students and we are focussed on, and passionate about, learning and success.

We genuinely care about our staff, their well-being and their professional development: we are a happy team, committed to working collaboratively and sharing the very best practice. This was very much recognised in our most recent Ofsted Inspection.

If you are an outstanding Design and Technology teacher aspiring to undertake a leadership role it really is worth applying for this post. We have a strong track record of succession planning and many of our current leaders have progressed to promoted posts within the College. This role will be a great stepping stone to a higher leadership position in the near future.

We are committed to safeguarding and promoting the welfare of children and young people and expect all staff and volunteers to share this commitment. This post will be subject to an enhanced DBS disclosure.

The Latimer Arts College values the diversity of our workforce and welcomes applications from all sectors of the community.

For an application form and further details, please visit the [teaching vacancies](https://www.latimer.org.uk/teaching_vacancies) page on our website www.latimer.org.uk. Alternatively, please email vacancies@latimer.org.uk.

Closing Date: 9.00 am on Tuesday 24 May 2022

Early applications are encouraged as we will review applications as we receive them; and applicants may be contacted before the closing date.
