GCSE Triple Science

- Six papers: two Biology, two Chemistry and two Physics
- Foundation and Higher Tiers – most will sit the higher exams
- Each paper is 1 hour 45 minutes long
- Each paper is 100 marks and contributes 50% of the final grade in that subject
- Each paper consists of multiple choice, structured, closed short answer, and open response questions (between 1-6 marks per question part)
- Students awarded 3 separate grades based on each individual subject

Differences between Triple and Trilogy

- Additional specification points in Biology and Chemistry
- Additional whole topic in Physics: Space
- Additional required practicals in each science

Careers of Science Graduates

- science research
- hands off science
- public sector
- IT
- data science
- teaching
- banking
- consultancy

Learning the content

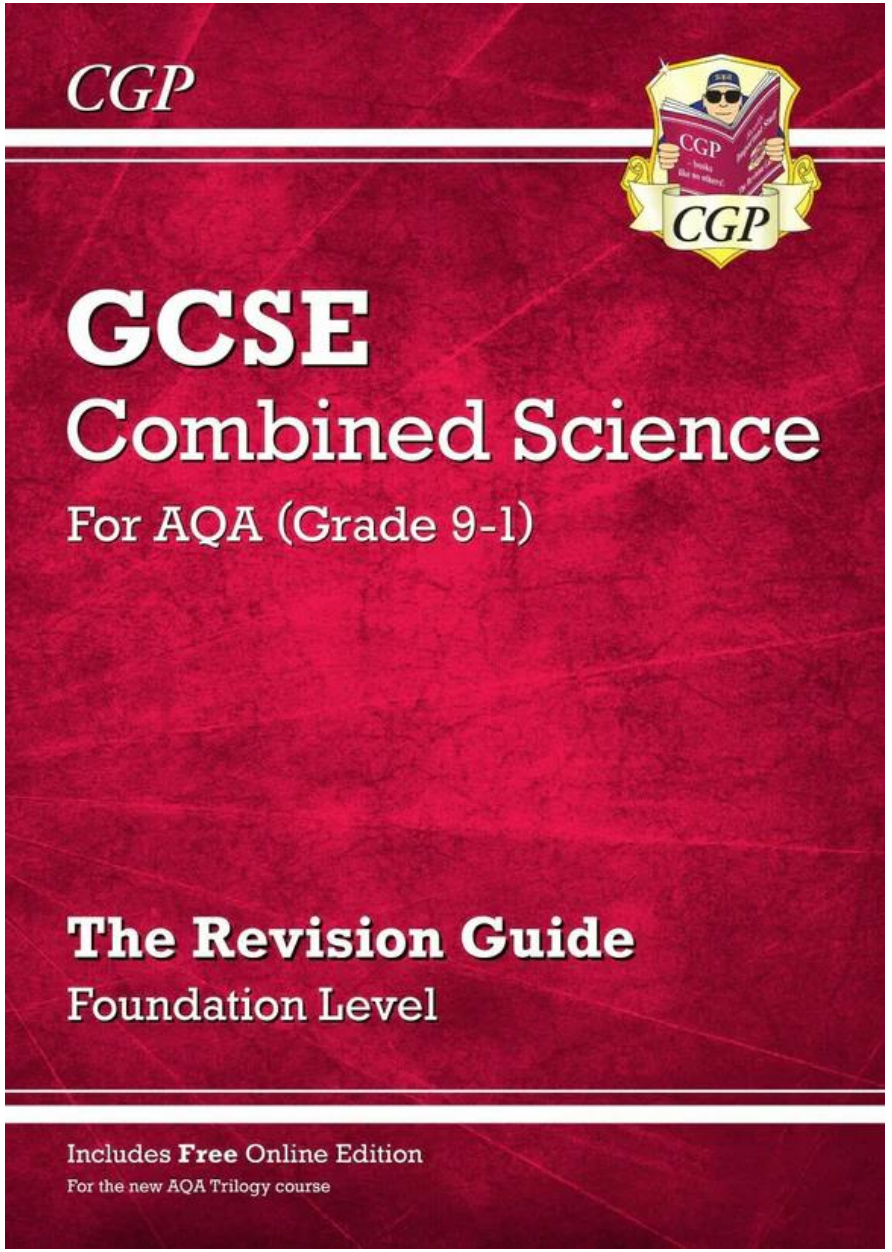
- Testing themselves/others
- Flash cards
- Revision mats
- Mind maps
- Revision guides and workbooks

- Mock exams start Monday 17th June

Supporting students

- Tassomai
- BBC Bitesize
- Free Science Lessons
- YouTube
- CGP publications

- Provide as quiet a workspace as possible
- Rewards for hard work

Revision guides


- CGP revision guides for AQA
- School will be sending out letters
- Half price through the school
